WHY NOW?

There are several centers of attraction in the world which gather biggest fishing enterprises together. But current geopolitical situation makes it impossible for some regions to be fully represented on the usual platforms which makes these events no more global.

Held in **Istanbul**, in the city at the crossroads of two continents, Seafood Expo Eurasia is designed to **unite the countries** of Europe and Asia, Africa and Latin America at the most convenient point for everyone.

VISITORS' PROFILE

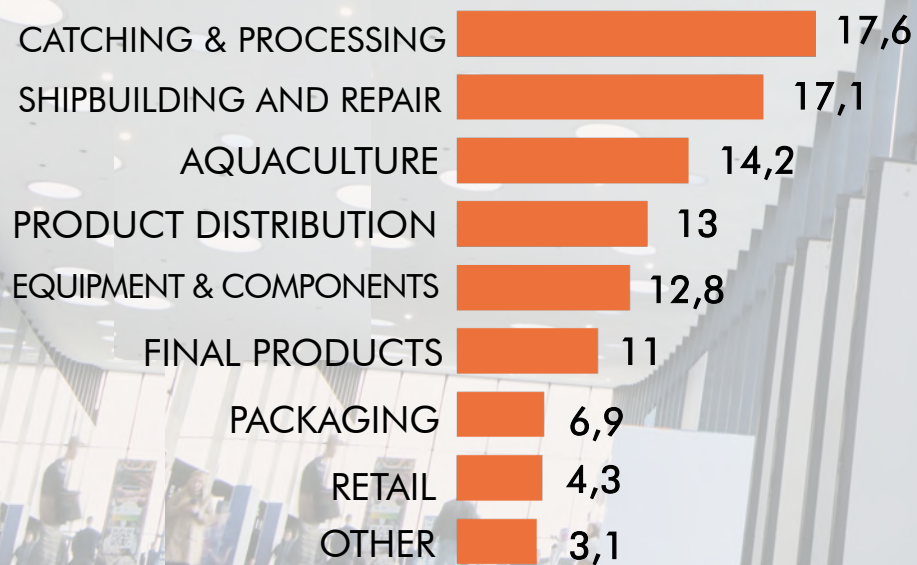

Representatives of **120+ countries** are expected to take part in the event.

Proficient target audience: 46% of visitors make decisions or influence on them. They are business owners, CEO and top managers.
